Purpose:

The purpose of this advice letter filing is to request approval of the 2019 step rates for the Northern Division District in accordance with Decision (D.) 18-12-021. Advice Letter 1230 requested 2018 test year rates be made effective but not be implemented. This advice letter requests implemented rates for attrition year 2019 be made effective and implemented. Per D.18-12-021 authorized Test Year 2018 rates are included and subsumed by California American Water's escalation filing for attrition year 2019. Per D.18-05-027 these escalation files revised tariffs are effective for all California American Water service territories.

Background:

Submission of these tariffs is made in compliance with Ordering Paragraphs 42 and 43 of Decision (D.)18-12-021 dated December 13, 2018 which states:

- 42. California-American Water Company (Cal-Am) is directed to file escalation filings for attrition years 2019 and 2020 through appropriate Tier 1 advice letter filings in conformance with General Order 96-B and the advice letter procedures found in Section VII of Appendix A attached to Decision (D.) 07-05-062 for every district where there is a projected decrease in rates. Cal-Am may also file escalation filings for 2019 and 2020 pursuant to these procedures for every district where there is a projected increase in rates. D.07-05-062 requires escalation filings to be filed no later than 45 days prior to the start of the escalation year. In light of the effective date of this decision, any escalation filing for attrition year 2019 shall instead be filed within 90 days from the effective date of this decision and shall be effective 45 days from the date of filing.*
- 43. California-American Water Company is authorized to revise tariff schedules, and to concurrently cancel its present schedules for such service upon the effective date of its 2019 escalation filing. The revision of tariff schedules for authorized rates in 2018 shall be included and subsumed in California-American Water Company's escalation filing for attrition year 2019. The advice letter shall include all calculations and documentation necessary to support the requested rate changes for both authorized 2018 rates and their escalation for 2019.*

2018 test year rates, included Advice Letter 1230 for all districts, are included and subsumed by escalation rates for attrition year 2019 herein.

Request:

This advice letter filing is to request implementation of the Sacramento and Larkfield 2019 step increase. As shown in the supporting earnings test and workpapers for the twelve months ended September 30, 2018, the Sacramento district earned a rate of return of 8.98% on a recorded basis and 6.91% on a “pro forma” basis. The most recent authorized rate of return per D.18-03-035 was 7.61% adjusted to 7.66% to match the designated pro forma period. As shown in the supporting earnings test and workpapers for the twelve months ended September 30, 2018, the Larkfield district earned a rate of return of 5.71% on a recorded basis and 7.05% on a “pro forma” basis. The most recent authorized rate of return per D.18-03-035 was 7.61% adjusted to 7.67% to match the designated pro forma period.

In compliance with Decision D.18-12-021 California American Water requests, approval of all submitted tariff revisions. Tariff revisions reflecting rate changes reflected in AL 1230 are included and subsumed by this escalation filing. Tariff revisions reflecting non-rate related changes are included in AL 1230.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.18-12-021 and is designated as a Tier 1 filing.

Effective Date:

California American requests an effective date of March 27th, 2019.
