ADVICE LETTER NO. 1331

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (California American Water) (U210W) hereby submits for review this advice letter including the following tariff sheets applicable to its San Diego County District which are attached hereto:

PURPOSE

The purpose of this advice letter filing is to request recovery of the 2020 WRAM & MCBA balances. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in D.08-11-023, D.12-04-048, D.13-07-041 and D.18-12-021.

BACKGROUND

On November 6, 2008, the Commission issued Ordering Paragraph 1 in D.08-11-023 which adopted a settlement agreement between California American Water and the Division of Ratepayer Advocates ("DRA") to establish a Pilot Program for a conservation rate structure in the San Diego District;

The June 28, 2007 settlement for the Coronado and Village districts, attached to Appendix A, is adopted and the motion to reduce the comment period is granted.

As part of the settlement, California American Water was to establish a WRAM as outlined below from pages 5 and 6 of the agreement.

Decoupling for California American Water will be accomplished through the following mechanisms:

- 1. A Water Revenue Adjustment Mechanism (WRAM) for the Coronado and Village districts.*
- 2. This decoupling mechanism, along with California American Water's Incremental Cost Balancing Accounts (ICBA)¹, will ensure recovery of the adopted fixed costs recovered through the quantity charge, and the actual variable costs for purchased power, purchased water, and pump taxes. The fixed costs not included in these accounts will be recovered through the service charge, which is a monthly charge that customers pay regardless of consumption.*
- 3. In accordance with established Commission practice, the WRAM account will accrue interest at the 90-day commercial paper rate.*

The Modified Cost Balancing Account (MCBA) replaced the ICBA through the issuance of D.12-06-016.

The WRAM will track the difference between the total quantity charge revenues authorized by the Commission (“Total Adopted Quantity Revenues”), and the total revenues actually recovered through the quantity charge based on actual sales (“Total Actual Quantity Revenues”), excluding:

- 1. Revenue from Private Fire Protection Service and;*
- 2. Revenue from the “Other” class of general metered customers.*

California American Water implemented the Pilot Program on February 1, 2009 via Advice Letter 717-A.

Historically, these types of advice letters were submitted by April 30th each year per the settlement agreement adopted in D.08-11-023. On July 25, 2013, modifications to the process were agreed to in D.13-07-041 as part of a settlement in California American Water’s 2010 General Rate Case (“GRC”) proceeding;

The parties agree that California American Water would use the same amortization schedules and procedures that were established for other Class A water utilities in D.12-04-048 for the WRAM/MCBA in all districts. This includes:

- 1. Amortization of net WRAM/MCBA balances at or above 2% of the last authorized revenue requirement, as described in Ordering Paragraph 2;*
- 2. The process to not initiate the cap until 2015, which is the first test year of the GRC to be filed July 1, 2013, as discussed in Ordering Paragraph 3;...*
- 3. A vigorous review of the WRAM/MCBA as well as sales forecasting to be conducted in the next GRC (Test Year 2015), as discussed in Ordering Paragraph 3;*
- 4. California America Water will submit its annual request for amortization of net WRAM/MCBA balances by a Tier 1 advice letter on or before March 31, as described in Ordering Paragraph 5;*
- 5. California American cannot include any additional type or category of cost in their Tier 1 Advice Letters that was not included in their Annual Report as described in Ordering Paragraph 9;*
- 6. California American Water will separate the WRAM/MCBA surcharges on customer bills if it is capable of doing so with its new billing system, as discussed for other utilities in Ordering Paragraph 10.*

Additional criteria on the WRAM amortization process were outlined in D.12-04-048 as follows.

Conclusions of Law

- 7. It is reasonable to require that net WRAM/MCBA over-collections be amortized through a surcredit on a customer’s service charges and that all under-collections be amortized through a surcharge on the volumetric rate.*
- 8. It is reasonable to change the deadline for applicants to submit their annual WRAM/MCBA report from March 31st to the previous November 30th, and to include nine months of recorded data through September 30th in the report.*

Ordering Paragraphs

1. *We adopt the amortization schedule set forth in Appendix A with a cap on total net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement...WRAM balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to the surcharge cap.*

In addition, D.18-12-021 increases the cap on amortization of the WRAM/MCBA balances:

Ordering Paragraph

151. *The cap on amortization of WRAM/MCBA balances should not be eliminated but should be increased to 15% of the last authorized revenue requirement for each of California American Water's districts.*

REQUEST

The balances for the WRAM and MCBA are summarized in the table below.

Table 1: Recovery of Projected WRAM/MCBA Balances				
Description	WRAM/MCBA Over/(Under) Collection	Cumulative Interest Earned/ Accrued	Cumulative Surcharge Collections	Projected Balance
AUTHORIZED PRIOR BALANCES REMAINING AT 12/31/2020	(\$3,717,537)	(\$17,090)	\$3,411,785	(\$322,842)
BALANCE NOT YET APPROVED FOR YEAR 2020	(\$2,789,103)	(\$4,800)	\$0	(\$2,793,903)
BALANCE ALL YEARS				(\$3,116,745)
2020 Authorized Revenue				\$32,052,408
2020 % of Revenue				8.7%
Net Balance % of Revenue				9.7%

Based on the above balance and 15% cap outlined in D.18-12-021, California American Water requests a volumetric surcharge of \$0.0920 per 100 gallons over a 12-month period be added to the Company's tariffs.

7. A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

SPECIAL CONDITIONS

General Items

1. Qualifying customers can receive a discount on their bill. Customers must apply with the Company for acceptance into the Customer Assistance Program. For additional details, please see Tariff Schedule No. CA-CAP. (P)
(P)
(P)

2. Any customer paying for service at a premise where a Residential Fire Protection Service (R.F.P.S.) is required/requested to be installed by local fire and building codes shall be allowed to have their monthly service charge modified in accordance with the monthly costs for R.F.P.S. service charges. Provided, however, that the R.F.P.S. rate has been requested by the customer and verified by the Company that the smaller size of meter would be large enough to provide adequate service for the property in absence of the additional demand necessary to supply water to the sprinkler system. The R.F.P.S. will not be considered a fire service by the Company, but as an oversized general metered service. As such the rules and conditions of service for general metered service shall apply.

Fees and Surcharges

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.

2. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is based on a percentage of gross revenues of each bill. The percentage is 2% to City of San Diego and City of Imperial Beach.

3. Per Advice Letter 1230-B, a surcharge of \$1.81 for the Customer Assistance Program (CAP) Balancing Account will be collected from all non-customer assistance program water and wastewater customers. (P)
(P)

1. D.18-12-021 authorized a three-year conservation budget of \$448,388 for 2018-2020 for San Diego County. Effective November 23, 2020, the Conservation surcharge will be removed from customer bills.

2. Per Advice Letter 1281, a surcharge is applied to each bill to offset increases in purchased water costs imposed by the City of San Diego. This offset results in a needed revenue increase of \$276,965 or 0.84%. The surcharge of \$0.0320 per 100 gallons is added to the quantity rate effective February 21, 2020.

3. A surcharge/surcredit is included in each bill to recover the net under/over-collection in the Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA). For the period ending December 31, 2020, the net under-collection totals \$3,116,745 including interest. The surcharge of \$0.0920 per 100 gallons is set to recover the under-collection at a rate equal to 15% of the authorized revenue requirement as approved by D.18-12-021. (C)
