

KENTUCKY
AMERICAN WATER

WE KEEP LIFE FLOWING®

Since 2011, Kentucky American Water has awarded \$91,500 in Firefighting Support Grants to help Kentucky fire and emergency organizations protect communities and respond to emergencies.

FIREFIGHTING SUPPORT GRANTS

Kentucky American Water is proud to partner with the men and women who volunteer for and support our local fire departments. Thank you for your hard work, dedication, and invaluable service to provide fire protection to our communities. **To show our appreciation, Kentucky American Water created the Firefighting Support Grant Program to benefit local fire departments.**

FIRE PROTECTION GRANTS

Kentucky American Water Firefighting Support Grants provide financial assistance to uniformed, professional and volunteer fire departments serving communities in the company's designated service territories. Grants are awarded to cover the costs associated with purchasing personal protective gear, communications equipment, firefighting tools, water handling equipment, training and related activities/materials used to support community fire protection. Reimbursement for specific fire training classes, including the cost of training manuals and student workbooks, is eligible. Individuals are not eligible to receive grants. Only uniformed professional and volunteer fire departments serving Kentucky American Water's service territory are eligible to receive funding. Funds are limited, and therefore grants will be reviewed and selected on a competitive basis. Departments within the same county are encouraged to consider requesting one grant to help support a common need or shared resource. The maximum grant amount is \$500.

DEADLINE TO APPLY: SEPTEMBER 1, 2023

Applications must be received via email or mail by September 1, 2023.

- **Mail:** Ellen Williams, Kentucky American Water, 2300 Richmond Road, Lexington, KY 40502
